

SKP GOVERNMENT COLLEGE :: GUNTAKAL

SEMINARS

Seminars are capable of keeping the students updated with the technologies. Seminars provide latest information about the things which are happening in science and technology. Students cannot improve their knowledge from textbooks alone. They must take part in various seminars on latest topics. Conducting seminars among students is also a good habit. This would help them to get more information on the particular seminar topic. Seminars also help them to convey their own ideas to their friends and teachers. They will start thinking about new things which they think could be implemented practically. Through conducting seminars they can make others understand what their idea is all about.
