## **DEPARTMENT OF COMMERCE**

### **STUDENT CENTRIC METHODS**

**2021-2022**

#### **STUDENT SEMINARS**

The Department of Commerce, as part of its consistent efforts to enhance the quality and knowledge of the students, regularly conducts student seminars. Students from all sections of I II and III year B.Com course participate. Student seminars presents an opportunity to all the students not only to upgrade their knowledge but also improve their interpersonal communication skills, students select a topic of choice from the curriculum prepare a paper on the topic and present before their peer group. Faculties of the department evaluate the performance of students and suggest measures to further improve their performance. Interactive session held at the end of the seminars helps to improve interactive abilities apart from enhance their confidence levels.

2021-22

## **STUDENTS QUIZ PROGRAMMES**

The Department regularly conducts quiz programmes to encourage the students not only to help to upgrade knowledge but also self awareness of progress and self assessment. This helps them to identify areas they need to develop. Since questions are based outside the syllabus also and require critical thinking, and extensive research .Consequently, they get into innovative learning from the early stage of life. It also encourages the team work where they need to form teams while participating in quizzes, giving them an opportunity to hone their team skills. Further it also helps the teachers have feedback on student progression.

## STUDENTS QUIZ 2021-22

## **GROUP DISCUSSION**

In the present day world Group discussion has become one of the most important part of recruitment process. It improves thinking, listening and speaking skills, interpersonal skills; it also promotes one's confidence levels. It is an effective tool in problem solving, decision making and personality assessment. Therefore , with an idea to bring together a set of students on a platform to share their ideas, thereby giving an opportunity to exhibit not only their knowledge, but also to understand and enhance their learning by absorbing thoughts of other students , the Department of commerce regularly conduct Group 'discussion 'for the benefit of students

## STUDENTS GROUP DISCUSSION 2021-22

## **ICT CLASS**

In the 21<sup>st</sup> century Information and Communication Technology (ICT) has transformed many aspects of our lives to the extent that we live in an environment that is dominated by technology. More so in the field of education where ICT enabled teaching learning process has ushered in tremendous changes in the areas of sources of knowledge, storage and dissemination of knowledge. It has opened up vast horizons of knowledge to explore. ICT enabled teaching learning process not only enabled the students to experience and expand knowledge and skills but also facilitated the teaching community to assess and evaluate the performance of students, identify the areas of their needs and give them right direction. Therefore the Department of Commerce with a view to ensure the benefit of ICT enabled teaching learning process, regularly utilize the ICT infrastructure in the institutions for effective teaching learning process.

### **GROUP DISCUSSION**

Group discussion is an important part of the learning process for students. It helps them to learn how to communicate effectively with others, and to think critically about different topics. In addition, group discussion can also be a great way to build an online community.

## GROUP DISCUSSION PHOTOS 2021-22

## **ICT**

The ICT curriculum broadly attempts to equip students with an ability to negotiate a range of devices, tools, application, information and resources. The course is offered in chunks of three periods in a week, which include one teacher led session and two hands on sessions.

## ICT PHOTOS 2021-22

## **SEMINAR**

Seminars are designed for students to talk about topics in the course reading or lectures in detail, so students have to take an active part in the debate. Sometimes the tutor will lead the seminar, or they might choose students to make a presentation. But whether you're presenting or not, you'll still need to do some work before and after the seminar to make the most out of them.

## STUDENT SEMIAR PHOTOS 2021-22

## **QUIZ**

Quizzing is an art and a test of the intellect. The Quiz club of the college aims at identifying students with quizzing talent and creating opportunities for them to sharpen their quizzing skills. Quiz Club is a unique and exciting way to motivate, inspire, encourage and reward children in their quest for knowledge and provide them with the opportunity to celebrate their achievements as part of a high profile, national competition. The main objective of quiz club is to popularize quizzing activities among students and to encourage them to take part in all competitive examination at state and central level.

Sri C.M.Kishore Delivered ICT Class for II B.Sc M.P.Cs & M.E.Cs

Sri C.M.Kishore Delivered ICT Class for I B.Sc M.P.Cs & M.E.Cs

## QUIZ

Quizzes encourage pupils' self awareness of progress and self assessment. By taking quizzes, pupils get instant feedback on their responses. And this can help them identify areas they need to develop themselves and highlight progress for them to be proud of.

2021-22

## **SEMINARS**

Seminars are capable of keeping the students updated with the technologies. Seminars provide latest information about the things which are happening in science and technology. Students cannot improve their knowledge from textbooks alone. They must be take part in various seminars on latest topics. Conducting seminars among students is also a good habit. This would help the to get more information on the particular seminar topic. Seminars also help them to convey their own ideas to their friends and teachers. They will start thinking about new things which they think could be implemented practically. Through conducting seminars they can make others understand what is their idea is all about.

The image shows a classroom setting. A teacher, a man in a light blue shirt, is standing and pointing at a large digital screen. The screen displays a directed graph with five nodes labeled A, B, C, D, and E. The graph has edges from A to B, A to C, B to D, C to D, and D to E. To the right of the graph is an adjacency matrix:

$$E = \begin{bmatrix} 0 & 1 & 0 & 1 & 0 \\ 0 & 0 & 0 & 1 & 1 \\ 0 & 0 & 0 & 1 & 0 \\ 1 & 0 & 0 & 1 & 1 \\ 0 & 0 & 0 & 0 & 0 \end{bmatrix}$$

Below the matrix, there is a list of nodes: A, B, C, D, E. The teacher is pointing at the graph. Several students are seated at desks in the foreground, looking at the screen. A whiteboard is visible on the right side of the screen.

#### **GROUP DISCUSSION**

The present-day education system is slowly and steadily incorporating “Group discussion” into the learning system. It has been observed that the group Discussion opens up the students to the topic in a better way than conventional classroom teaching. The traditional classroom teaching-learning gets limited to a certain point as it does not actively involve students in the learning processes. It works on the approach of the speaker and a listener. Whereas, group discussion involves students actively in the process of learning. The students are not mere listeners over here, but, they are also the speaker.

## GROUP DISCUSSION PHOTOS 2020-21

## ICT

This method is very effective in transacting with the student with appropriate curriculum. It focuses on the key learning outcomes of the topic and makes them understand and analyze the outcomes of the lesson. At the end a question and answer session with enhance the understanding levels of the students in the classroom.

## ICT PHOTOS

## **PLICKERS QUIZ**

This PLICKERS method is useful and very effective when done with a Large group of students in the class competing to answer random questions relating to a topic or lesson from the quiz master. The transaction with the student is very effective and also creates interest among the student groups.

## QUIZ

- Quizzes play an important role in e-learning and provide an array of benefits for both the learner and the instructor.
- Quizzes improve or expanding one's knowledge of things, either general or in specific area
- Quizzing online will usually provide the user with results instantly. This is good for students because it allows them to know what they did wrong immediately, what they need to focus on, and how to improve should they have to retake the test.
- Quizzes have always been a motivator to study harder when students know that their progress will be judged upon an exam, a performance review etc. It sets a deadline for when material needs to be learned by and diligent students know they must adhere to that.
- An important note on online quizzing and testing is the ability a learner has to research the web for answers and creating tests should be done with that in mind. If something is too hard and/or a little off topic in terms of the material taught, it is likely to be researched online.

## QUIZ PHOTOS

## STUDENT ASSIGNMENT

- To point out clearly and concisely to the pupils just what is to be done or what they are supposed to do.
- To show how the work is to be done.
- To make the pupils see why they should do the work.
- To connect the new lesson with one just completed so that the pupil may gain a whole view of the subject.
- To create the proper attitude toward the performance of the work assigned.
- To anticipate special difficulties in the advance lesson, and to suggest ways to overcome them.

## DEPARTMENT ACTIVITIES 2021-22

## MATHEMATICS DAY

Every year, 22 December is observed as **National Mathematics Day** to mark the birth anniversary of Srinivasa Ramanujan, a legendary Indian mathematician. His contributions to number theory, infinite series, mathematical analysis, etc., are considered instrumental. Mathematics Day is marked to celebrate his works and recognize him as a legend in mathematics. National Mathematics Day is an occasion to remember Ramanujan's great achievements and reflect on the significance of mathematics in our everyday lives. Know more about the history and significance of this day [here](#).

**TELUGU LANGUAGE DAY  
&  
INTERNATIONAL MOTHER LANGUAGE DAY**

International Mother Language Day celebrated on February 21. Telugu Language Day is celebrated annually on August 29 to pay tribute to Gidugu Venkata Ramamurthy (1863-1940), was a Telugu writer and one of the earliest modern Telugu linguists and social visionaries during the British rule. He championed the cause of using a language comprehensible to the common man 'Vyavaharika Bhasha' as opposed to the scholastic language 'Grandhika Bhasha' Ramamurthy had studied many languages and comprehended the philosophy of language. He pleaded for lucidity in text books. In his time there was only a poetic approach and never was a prosaic treat. He launched a monthly magazine titled 'Telugu' to drive his point.

# QUIZ

Online Quiz conducted by Dr.T.Jithendra, Lecturer in Chemistry (Screen shots of Google Drive provided as Evidence)

The screenshot shows a Google Forms interface for a quiz titled "Chemistry Quiz". The form is in "Section 1 of 2" and includes a title bar with text formatting options. Below the title, the text "S.K.P. Government College, Guntakal : Dr.T.Jithendra, Lec. in Chemistry" is visible. There are two required text input fields: "Name of the Student \*" and "Roll. Number \*", both labeled "Short answer text". The top navigation bar shows "Questions", "Responses" (with 40 responses), and "Settings". The total points are listed as 100. The browser's taskbar at the bottom shows several open files: "Molecular weight....pptx", "Physico chemical....pptx", and "POLYMERISATIO....pptx".

## GROUP DISCUSSION

**TOPIC      BIGNNING AND DEVELOPING OF NOVEL)**

**Date    :      13-12-2021**

The group discussion was conducted on 13-12-2021 and the topic was decided about DEFFINITION, BEGINNING AND DEVELOPING OF NOVEL. Novel is the part of the fictional literature. It derived from western culture. It interprets of life. The life and society problems are reformed by novels.

**TOPIC      AFSAN KA TAARUF AAGAZ AUR IRTIQA (DEFFINITION,BEGINNING AND DEVELOPING OF FICTION )**

**Date    :      01-02-2022**

The group discussion was conducted on 01-02-2022 and the topic was decided about “DEFFINITION, BEGINNING AND DEVELOPING OF FICTION” Fiction (Short story) is the part of the fictional literature. It is called short story in English and Mukhtasar Afsana in Urdu. It interprets an event, an emotion. Its components are Plot, Character, Dialogue. The novel is like an apple and the fiction is its slice.

## QUIZ

The Quiz competition was conducted on 20-12-2021. The topic was decided “BIOGRAPHY OF MEER AND NAZEER THEIR GAZAL AND POEM” Meer was born in 1722 in Agra. He is considered the king of Urdu Gazal. In his period, several Urdu poets have accepted his Gazal writing. His famous Gazal “Rah door ishq Mein Ruta Hai Kaya” was put in Urdu Syllabus. Nazeer was born in Delhi. He called a public poet. His Famous poem “Kaljug was put in Urdu Syllabus.

The Quiz competition was conducted on 08-02-2022. The topic was decided “BIOGRAPHY AND POETIC GREATNESS OF GALIB” Galib was born in 1797 in Agra. He is a poet of Gazal. He gave greatness to Gazal with new meaning and imagination. He is famous not only in India but all over the world.

## ICT

### TOPIC : IQBAL IS A GREAT POET

The ICT class was taken on 29-12-2021 for Urdu students. Sir Mohammed Iqbal popularly known as Allama Iqbal is one among the most famous Urdu poets. He was not only a philosopher and a politician but also an academic barrister and scholar

### TOPIC : METHODS OF ENGLISH LEARNING

The ICT class was taken on 29-12-2021 for Urdu students. To Know good English, we must have vocabulary. At the same time, keep on recognizing the tenses (present, past future) Try to know the difference between Active and Passive sentences. The second important thing is that to practice and recognise the nouns and Adjective words. After paying attention to these things, a student can talk and write well English
