ABOUT THE COLLEGE

S.K.P. Government Degree College, affiliated to Sri Kanchi Sarva Dharma University, was established in Guntakal, Ananthapuram District, A.P. in the year 1968. This 52 years old Institution, serving basically as a Board of knowledge to the rural youth in the vicinity. The college was accredited with 'B' Grade by NAAC in Cycle-1. Department of Botany was established in the college in 1971, as a part of establishment of Science groups.

THEME OF THE WEBINAR

Biodiversity is the recent trend, is being affected remarkably due to the threats caused by various factors. These threats cause changes in the very existence of humanity as well as all other living organisms as they are increasing rapidly. Medicinal plants diversity, which is under severe threat, plays a significant role in the survival of human being. There are numerous methods to assess this great problem. Among them, the Remote sensing is an advanced technique through which quick response for conservation of biodiversity can be initiated by remote identification of the diverse biological studies (like DNA, RNA, Protein studies) have their own importance as the conservation of Biodiversity.

Dear Sir,

Sub: Invitation as a resource person for one-day National webinar (RTIPS) scheduled on 28/01/2021 - Reg.

RTIPS-2021

In pursuance of the subject cited above, the Department of Botany of our college has planned to conduct a one-day National level webinar entitled "Recent trends in Plant Science (RTIPS)" on 28/01/2021. In this regard, I am very much pleased to invite you as a resource person to deliver a lecture for the webinar. The detailed programme is include along with the brochure about the webinar.

Hence, I request you to kindly accept our invitation and acknowledge the same.

Thanking you,

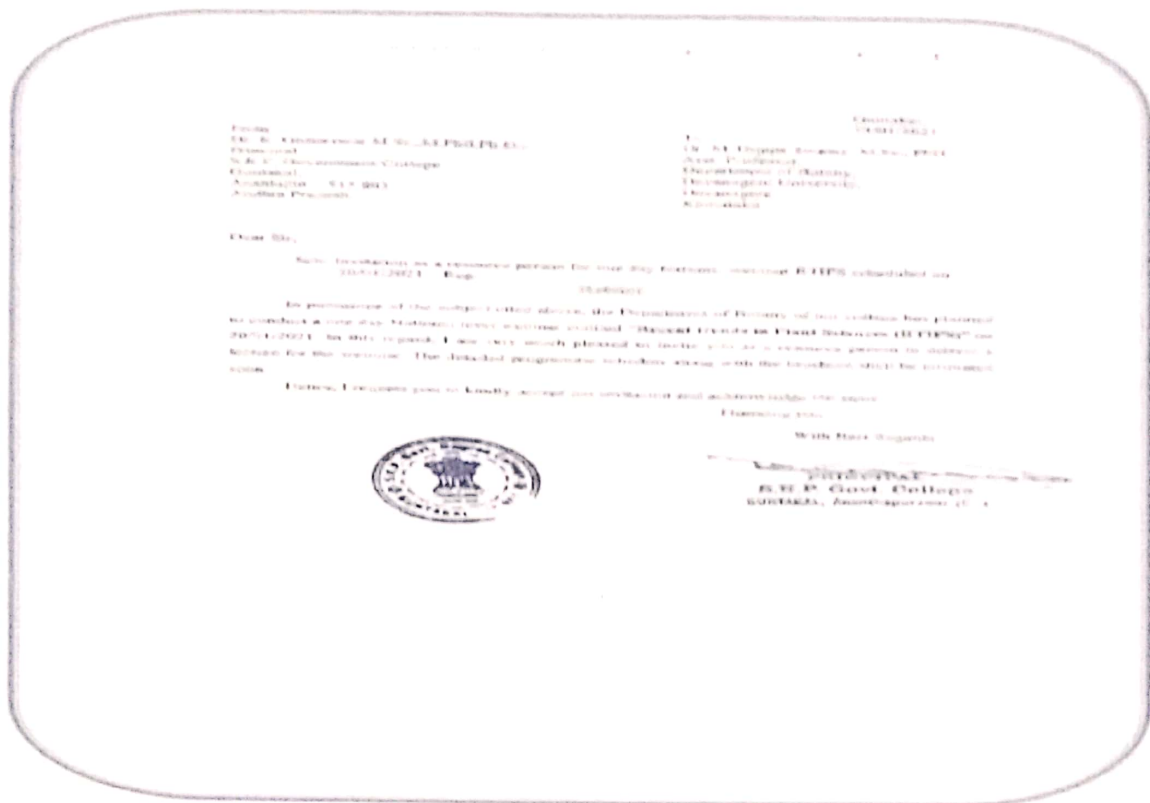

With Best Regards,

Hydrogen Bonding (new definition)

The hydrogen bond is an attractive interaction between a hydrogen atom from a molecule or a molecular fragment X-H in which X is more electronegative than H, and an atom or a group of atoms in the same or a different molecule, in which there is evidence of bond formation.
