

## **STUDENTS QUIZ PROGRAMMES**

The Department regularly conducts quiz programmes to encourage the students not only to help to upgrade knowledge but also self awareness of progress and self assessment. This helps them to identify areas they need to develop. Since questions are based outside the syllabus also and require critical thinking, and extensive research .Consequently, they get into innovative learning from the early stage of life. It also encourages the team work where they need to form teams while participating in quizzes ,giving them an opportunity to hone their team skills. Further it also helps the teachers have feedback on student progression.
