The principals of the college with the help of the local public, made diligent efforts for the progress of this institution, thus turning it into an excellent temple of learning. Their services leave behind a vivid account of their deep-rooted love for the development of this Institution. The present day status of Coe college (Center of Excellence) by CCE, Govt of AP , selection as one of the two colleges for RUSA funding in the district reflect the untiring efforts to develop the need based competencies among young minds mostly hailing from agrarian, rural and economically challenged families.
