DEPARTMENT OF PHYSICS
GROUP DISCUSSION

- In a group discussion, all participants have the opportunity to share their ideas and opinions.
- Helps to research and formulate arguments
- More interactive than a lecture.
- Students in a group discussion have a tendency to stay focused on the discussion, which may lead to more learning.
- Group discussion classes provide an opportunity for students to ask questions and make observations.
- . The teacher can then answer student's questions and clarify misconceptions, which ultimately leads to better grades because they know that the teacher is there to support them.
